BANKERS' TRUST COMPANY LOSES IN TEXAS SUIT

Supreme Court Upholds Dis-
missal of Citizen for Railroad
Receivership.

WASHINGTON, May 22.—The action of the Federal District Court for Northern Texas in dismissing for want of jurisdiction the suit of the Bankers' Trust Company for a receiver for the Texas and Pacific Railway Company and the New Orleans Pacific Railway Company and for the foreclosure of a second mortgage on the two bonds was affirmed to-day by the Supreme Court.

Justice Vandewater, for the unanimous Court, held that the District Court had been deprived of jurisdiction in the case because of the Federal law of 1915 which provided that Federal courts should not have jurisdiction over certain causes in which a Federal corporation was a party, by reason merely of the corporation being incorporated under a law of the United States.

FIRST MAC MILLAN EXPLORER BACK; REST ICE-BOUND

Prof. Tanquary Reaches Co-
penhagen and Reports Im-
portant Discoveries.

LONDON, May 22.—The first member of the American Arctic Crocker Land Expedition, Prof. Maurice C. Tanquary of Chicago, arrived at Copenhagen to-day on the steamship Hans Egede from Greenland, according to a Central News despatch. He reported good scientific results had been obtained by the expedition.

The remaining members of the exploring party, which is headed by Donald B. Macmillan, have been forced to stay at North Star Bay, as the relief ship Cluett was unable to get through the ice.

Prof. Tanquary and two others of the expedition sledged all the way south overland with the object of reaching the first Danish steamer sailing, but only Tanquary succeeded in getting on the vessel. The expedition will reach home, it is expected, during the summer.

WALKS HERE BACKWARD FROM PACIFIC COAST

Patrick Harmon of Seattle Reaches
City Hall in 239 Days and
Says He Won \$5,000.

Patrick Harmon of Seattle paraded up the steps of City Hall to-day walking backward, guiding himself by means of a reflector.

While waiting to pay his respects to Mayor Mitchell, Harmon explained that he travelled 3,900 miles, which he says he covered in 239 days, and that the freak walk was the result of a wager made in a club in Seattle that he could not walk the distance in 260 days. The clubman who took Harmon's end of the bet promised him \$5,000 if he won.

W. H. Baltzer, also of Seattle, was engaged by the other to follow Harmon and see that he never kept his eyes from the setting sun while moving eastward.

"Harmon walked backwards every inch of the distance," declared the transcontinental watchman. Harmon is fifty years old. He was penniless when he left San Francisco and, in keeping with part of the agreement that went with the wager, made his own living expenses. He did odd jobs on the way and sold picture postcards.

Eleven days were lost through illness. Harmon's average was sixteen and one-quarter miles a day.

ACID IN BEER BOTTLE COSTS A MAN'S LIFE

Bartender Who Sold It to Child
Is Held on Homicide
Charge.

John Campbell, a bartender, of No. 111 Bedford Avenue, Williamsburg, was held in \$1,000 bail to-day by Coroner Wagner of Brooklyn for examination on a charge of homicide preferred against him when an autopsy performed by Coroner's Physician Wuest on the body of Andrew Tinko, No. 95 Bedford Avenue, Williamsburg,

showed that the man had died of cyanide of potassium poisoning. Tinko sent his daughter, Mary, out for a bottle of beer this morning, which she procured from Campbell and brought home. Her father dropped dead at the first swallow from the bottle.

John McAttee, No. 98 Bedford Avenue, who saw Campbell give the girl the bottle of beer, was held in \$200 bond as a material witness.

When Campbell was confronted with the girl by Patrolman Radlein just after her father's death the bartender at first denied having sold her anything at all. Later he admitted having handed her the bottle, but de-

clared he was at a loss to know how the cyanide happened to be in it instead of beer. The Coroner has the bottle. One theory is that the acid was used in cleaning brass and had been placed by mistake in the box with the bottled beer.

CENTURY OLD HOTEL TO GO.

Loses License Because Two Em-
ployees Were Convicted of
Law Breaking.

Hall's Hotel, at Duane Street and Park Row, famous as a hostelry, and which has been a landmark for nearly a century, is doomed to go out of business.

Two employees of the hotel were convicted in the Court of Special Sessions to-day before Justices McInerney, Moss

and Russell of conducting a disorderly resort. The clerk, Charles Trapani, one of the two men convicted, was sentenced to the workhouse for thirty days. The other man, Fritz Arnicks, a waiter, was allowed to go on suspended sentence. The conviction of the employees automatically voids the license. St. Andrew's Roman Catholic Church has been fighting the saloon for a year.

A Remarkable Offer for Vacation Time

or for any other time when you need good

Genuine Cowhide

Traveling Bags
and Suit Cases

The kind you usually consider worth at least \$8.00

Now **\$5.69** Each

The manufacturer, who has been getting a large share of our big Bag and Suit Case business, found that he could obtain no more of the high grade frames for his finest quality bags, except at an exorbitant price. Rather than use inferior frames, he decided to discontinue the line and offered them to us at a price below actual cost, if we consented to take all he had, at spot cash. We did—and we now place these bags on sale at a price which gives you the full advantage of Macy's tremendous cash purchasing power. Following are the specifications of what you may expect to find:

1,000 Bags and Suit Cases, \$5.69 Each

50 Oxford Bags, 17 inches long
450 Oxford Bags, 18 inches long

Among the grains are long grain Russet, baby grain Walrus and smooth brown Cowhide. Sewn-in frames; reinforced sewn-in corners; double flat sides and brass clutches. Plaid lining, with full length pocket on one side, while on the other side are three small pockets for toilet accessories. Handsomely finished in every detail.

If you need a bag or suit case, or if there is any possibility of such a requirement, don't miss this opportunity for it may be a long time before another such offer can be made. As there are only 1,000 pieces in the whole purchase, it might also be well to urge an early selection.

250 Suit Cases, 26 inches long
